

Kitchen to Table

Serving your barbecue needs...

You'll soon be enjoying moments of relaxation and conviviality outdoors.

To savour the pleasure, zak!designs has created a unique **serving caddy**. The design is great and the bottles can be mixed and matched to make your own customised set.

The Kitchen to Table collection is ready to serve at all your colourful events.

These delightful serving caddies are available **with 2 or 4 compartments** and come complete with a transparent lid to cover your food. They are perfect for outdoor entertaining and can be used for dried fruits, olives and other snacks.

The caddies are also practice for transporting all your barbecue essentials to the table: sauces, vinaigrettes, oil & vinegar.

The functional and colourful bottles are adapted to all your sauces and dressings. The sauce bottle has a wide lip for pouring and the oil and vinegar bottles have a button on the top so you can control the flow as you pour... for that perfect dose every time!

The long handle makes it easy to carry from the kitchen to the garden or terrace.
