

A lifestyle photograph of a dining table setting. In the foreground, a stack of white ceramic plates is topped with two light blue glass tumblers featuring a textured, pebble-like pattern. A sprig of fresh rosemary lies on the bottom plate. In the background, a wicker chair and a tall vase with green reeds are visible near a window.

2019
collection

Style is in the air

We all have our own idea about what our dream home would look like. Modern, contemporary, minimalist, industrial, traditional or coastal, we all have our own personal tastes. Our 2019 catalogue is about embracing difference with distinctive collections to suit every style.

We are proud to present three new collections: Fjord, a cosy, authentic collection inspired by the Hygge art-de-vivre with warm all-year-round tones for homes seeking the Nordic look; Monochromania, a palette of black, white and grey for interiors which are pure and minimalist, modern and contemporary or urban and industrial and Riviera Bright, this year's summer collection with a coastal feel that embraces the eclectic art of mismatched dining.

We also bring you a vast hydration collection of water bottles and travel mugs for when you are on-the-go including three new models: I-Lock, the compact, 100% leakproof reusable bottle; Camper, the robust all-terrain flask and Office Mug, the no-spill, vacuum insulated office companion. These new lines complement our existing collection of trays, salad bowls and other kitchen essentials for preparing and serving in style. Available in the wide range of bright, vibrant colours we are renowned for... the choice is yours!

Thank you for taking the time to browse through our new catalogue. We hope you will be inspired by our new range.

Fjord

A collection inspired by driftwood. Reclaimed wood weathered by the tides. Soft greys and timeless elegance. An impression of wood whitewashed by the ocean with natural grain patterns, textures and colours. The driftwood patterns are combined with earthy grey blues and ceramic whites. Tones that create a Scandinavian Hygge atmosphere and make our homes feel warm and cosy. The irregular lines remind us of hand-made pieces spun on a pottery wheel. Beautiful imperfections. Imperfect beauty. So incredibly realistic...it's the perfect illusion. Fjord...Timeless elegance.

Monochromania

A monochromatic palette of white, black and grey. Minimalism, simple lines and the juxtaposition of textures. A style that is timeless yet continues to be reinvented with new materials, textures and surprising graphics. Brushstrokes add a modern vibe to monochromatic black and white and timeless greys are reinvented with rice bran undertones. A fusion of nature and contemporary design adds warmth and texture to this monochromatic palette. Industrial sharp angles contrast with soft matt finishes, hammered and concrete textures in a Monochromania of trays, salad bowls, tumblers and no-spill office mugs.

Riviera Bright

Bright, eclectic and elegant with graphic patterns inspired by 1930's bathing suits, parasols and deckchairs. This collection embraces the trend of mix and match dinnerware. Stripes mismatched with hexagonal patterns and bold, vibrant colours create a table with a chic on-trend vibe. Made of shatterproof melamine, the Riviera Bright collection would make a striking tableware setting aboard a boat, at a picnic or for entertaining in the garden.
